

GRASSO[®]

LANDSCAPE

GRASSO LANDSCAPE

Grasso[®] Landscape turf is ideal for residential and commercial landscaping. Home and business owners alike love the lush appearance, soft feel, and low maintenance requirements of the Grasso system. It is perfect for yards, high traffic community areas, hotel and restaurant landscaping, and more. Plus, Grasso saves money over time by eliminating the need for ongoing professional maintenance services and watering.

GRASSO[®]

LANDSCAPE

PILE WEIGHT 48 oz./sq. yd.
PILE HEIGHT 1.75"
TURF FIBERS Polyethylene monofilament blades
 Polypropylene monofilament secondary fiber

BLADE SHAPE
 1 blade shape, 2 colors
 + secondary fiber

GRASSO[®] TURF FIBERS

Polyethylene monofilament blades ensure a non-abrasive surface. Texturized polypropylene thatch fibers deliver fiber support and natural appearance. Varied fiber colors create a natural appearance.

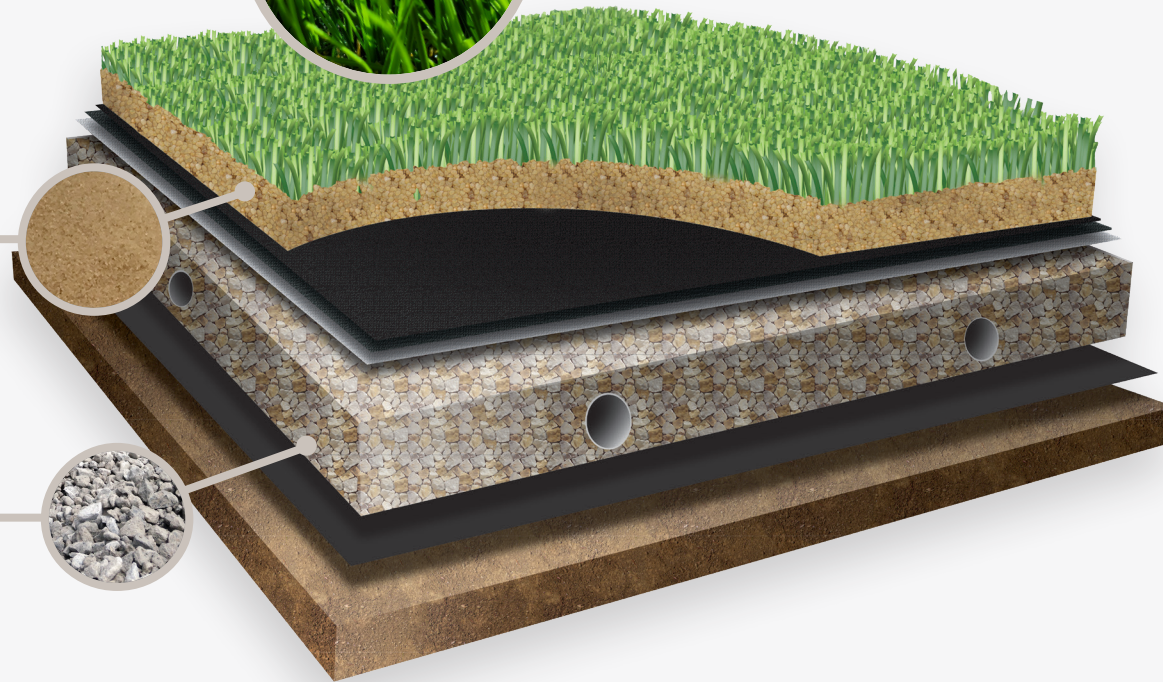

INFILL

Sand is spread into the turf system for ballast and stability. The USDA-Certified Organic GeoCoolFill[®] is recommended for installation as well to provide a natural, cool feel under foot.

DRAINSTONE

The system is installed over a layer of free-draining aggregate, which allows water to drain through the system, delivering a low maintenance landscape area.

CHARACTERISTICS

- ✓ No watering, no mud
- ✓ No mowing
- ✓ No fertilization
- ✓ Lush design
- ✓ Realistic appearance
- ✓ Upright fibers
- ✓ Soft and non-abrasive
