PET GRASS

EAGLE PUTT

Grasso® Landscape turf is ideal for residential and commercial landscaping. Home and business owners alike love the lush appearance, soft feel, and low maintenance requirements of the Grasso system. It is perfect for yards, high traffic community areas, hotel and restaurant landscaping, and more. Plus, Grasso saves money over time by eliminating the need for ongoing professional maintenance services and watering.

PILE WEIGHT 48 oz./sq. yd.
PILE HEIGHT 1.75"
TURF FIBERS Polyethylene monofilament blades
BLADE SHAPE 
 1 blade shape, 2 colors + polypropylene secondary fiber

This synthetic grass system provides green play areas year-round. Perfect for backyards, dog parks, apartment complexes, doggy daycares, veterinary clinics and more. The specialized knitting process creates a highly porous system - ideal for draining waste from the surface. Plus, the knitting process knots the fibers together creating the strongest possible construction.

PILE WEIGHT 62 oz./sq. yd.
PILE HEIGHT 1.00"
TURF FIBERS 100% Polyethylene
BLADE SHAPE 
 1 blade shape, 2 colors + secondary fiber

Let Hellas Landscaping design the ultimate backyard putting green, customized for your home. Hellas Landscaping's Eagle Putt is a synthetic turf system that is specifically made to replicate putting greens. Our experienced installers deliver your preferred green speed - whether you're a weekend warrior or a professional golfer.
